

STAB 1

Adhesive for strain gauge bonding on wood, GRP and carbon fibre. 20g

| Part no | Price per |
|---------|-------------|
| STAB1 | £21.50 each |

STAB 5

Application: Strain gauge bonding to many specialist plastics. 14g

| Part no | Price per |
|---------|------------|
| STAB5 | £27.00each |

STAB 2

Application: For priming and sealing porous surfaces prior to strain gauge application. 20g

| Part no | Price per |
|---------|------------|
| STAB2 | £21.50each |

STAB 6

Application: Strain gauge bonding to most metal substrates. 20g

| Part no | Price per |
|-----------|-------------|
| STAB6-5g | £11.00 each |
| STAB6-20g | £21.50 each |

STAB 3

Application: Filling and leveling uneven and pitted surfaces prior to installation of strain gauges. 20g

| Part no | Price per |
|---------|-------------|
| STAB3 | £21.50 each |

STAB 10

Cold cure epoxy adhesive. Store below 5°C. 2 part pack

| Part no | Price per |
|---------|-------------|
| STAB10 | £28.50 each |

STAB 4

Slowing acting strain gauge adhesive. Can be used successfully in cases where oil contamination cannot be removed or the substrate is slightly moist. 20g

| Part no | Price per |
|---------|-------------|
| STAB4 | £21.50 each |

ACC1

Accelerator for use with STAB1, STAB4 & STAB6 15ml. Brush top bottle

| Part no | Price per |
|---------|-------------|
| ACC1 | £18.00 each |

STAB4-50

Similar properties to STAB4 with lower viscosity

| Part no | Price per |
|-------------|-----------|
| STAB4-50 5g | £11.00 |

Accelerpen

Accelerator in a 'pen' style applicator

| Part no | Price per |
|------------|-----------|
| Accelerpen | £12.00 |
